Battle of Orel Is Now Nearing Decisive Stage

By HENRY SHAPIRO

Exclusive to The Edmonton Bulletin

Copyright 1943 by British United Press

MOSCOW, July 22.—Massed Russian planes and artillery opened up against Orel today and Red Army assault troops entered deeper into the ruined steel and concrete fortifications on the north approaches to the almost encircled German base.

Villagers quarters said the battle of Orel was approaching its decisive stage, with an intense land and air bombardment ahead of the offensive drive against perhaps signaling a blowdown.

The German DNB news agency said today that a violent battle had been in progress on the Leningrad front since early morning.

GERMAN VERSION

The Russian attack on the northern wing of the eastern front can only be regarded as a major relief measure, a broadcast dispatch of the official German agency said. It was described as intended to tie up the German forces on the Leningrad front so the Soviets would have a free hand in the Orel area.

Already the Russians had thrust to within seven and one-half miles of Orel itself from the north and 11 miles from the east.

Canadians in Japanese Hands Said Suffering

By B. T. RICHARDSON

Edmonton Bulletin Ottawa Bureau

OTTAWA, July 22.—Conditions among Canadian prisoners of war here that a number of Canadians have died from causes believed related to deficiencies of food.

Efforts are under way to forward more food to Canadian prisoners held by the Japs, but officials report that difficulties have been too far.

The Japanese shipping situation is known to be deteriorating, and it is believed it is contributing factor to the difficulties of getting adequate food to the prisoners.

Hands Over a recent period, 40 Canadian soldiers have died in Japan prison camps.

From information received here recently some of the Canadians captured at Hong Kong and interned there have been moved to Formosa and possibly some other parts of Japanese territory under the Geneva convention, prisoners are entitled to the same ration as Japanese soldiers of the army that captures them.

It is understood that in some cases, the Japanese have recognized the difference in diet and provided prisoners with more than the food army ration. But many prisoners are still in a state of physical distress and are really becoming subject to disease.

It is also reported that in some cases, the Japanese are really becoming subject to disease.

ALLIED HEADQUARTERS, North Africa, July 22.—Axis defences collapsed rapidly in central and western Sicily today as Canadian and American troops captured 18 towns and slashed through Castelvetro to within 22 miles of the westernmost tip of the island while other columns pushed victory toward the north coast.

Montgomery's right wing still was locked in furious battle with elite Axis forces at Catania, but the Americans surged forward with virtually no resistance from the Italian elements in the west. The Canadians in the centre overcame what a communiqué described as "determined opposition" and pressed northward on the American right flank.

Moving a mile an hour in some sectors, the American vanguards were nearing Termini and Palermo on the north coast of the island and large enemy forces were believed isolated. The Americans were last reported 15 miles from the west coast.

Only 22 Miles From Marsala

The Americans who covered 35 miles in a few hours as they swept from Agrigento through Sciacca and Menfi on the south coast and captured the important town and air base of Castelvetro, only 22 miles from Marsala at the western end of the island.

Among the other towns captured were:

BY THE CANADIANS

Eastern Sicily—Ramacca, 22 miles southwest of Catania; Nicosia, 18 miles southwest of Catania; Palagonia, 21 miles southwest of Catania.

BY THE AMERICANS

Central Sicily—Santa Caterina, 10 miles northwest of Catanzaro; Massima, 18 miles northwest of Catanzaro; Campi, 12 miles northwest of Catanzaro; 12 miles northwest of Catanzaro; Pietraperzia, five miles south of Catanzaro; Piazza Armerina, 18 miles southeast of Catanzaro; Siracusa, 20 miles southeast of Catanzaro.

Western Sicily—By the Americans, 37 miles west of Castelvetro and 30 miles north of Agrigento; San Stefano village near Bivona; Bivona, 20 miles east and south of Castelvetro; Caltanissetta, 40 miles east of Castelvetro; Caltanissetta, 40 miles east of Castelvetro; Caltanissetta, 40 miles east of Castelvetro.

Western Sicily—By the Americans, 37 miles west of Castelvetro and 30 miles north of Agrigento; San Stefano village near Bivona; Bivona, 20 miles east and south of Castelvetro; Caltanissetta, 40 miles east of Castelvetro; Caltanissetta, 40 miles east of Castelvetro; Caltanissetta, 40 miles east of Castelvetro.

Western Sicily—By the Americans, 37 miles west of Castelvetro and 30 miles north of Agrigento; San Stefano village near Bivona; Bivona, 20 miles east and south of Castelvetro; Caltanissetta, 40 miles east of Castelvetro; Caltanissetta, 40 miles east of Castelvetro; Caltanissetta, 40 miles east of Castelvetro.

Western Sicily—By the Americans, 37 miles west of Castelvetro and 30 miles north of Agrigento; San Stefano village near Bivona; Bivona, 20 miles east and south of Castelvetro; Caltanissetta, 40 miles east of Castelvetro; Caltanissetta, 40 miles east of Castelvetro; Caltanissetta, 40 miles east of Castelvetro.

Western Sicily—By the Americans, 37 miles west of Castelvetro and 30 miles north of Agrigento; San Stefano village near Bivona; Bivona, 20 miles east and south of Castelvetro; Caltanissetta, 40 miles east of Castelvetro; Caltanissetta, 40 miles east of Castelvetro; Caltanissetta, 40 miles east of Castelvetro.

Western Sicily—By the Americans, 37 miles west of Castelvetro and 30 miles north of Agrigento; San Stefano village near Bivona; Bivona, 20 miles east and south of Castelvetro; Caltanissetta, 40 miles east of Castelvetro; Caltanissetta, 40 miles east of Castelvetro; Caltanissetta, 40 miles east of Castelvetro.

Western Sicily—By the Americans, 37 miles west of Castelvetro and 30 miles north of Agrigento; San Stefano village near Bivona; Bivona, 20 miles east and south of Castelvetro; Caltanissetta, 40 miles east of Castelvetro; Caltanissetta, 40 miles east of Castelvetro; Caltanissetta, 40 miles east of Castelvetro.

ALLIED HEADQUARTERS, North Africa, July 22.—(BUP)—A strong fleet of British ships shelled the port of Crotone in southern Italy in the early hours of Wednesday, it was announced today.

The BBC said that the British warships which carried out the naval attack on Crotone, set numerous fires and withdrew without damage or casualties.

Crotone is an Italian Sea port near the southwestern edge of the Gulf of Taranto, which lies in front of the heel of the Italian boot.

Announcement of the naval bombardment of Crotone followed an Allied communiqué revealing that targets there had been "well covered" with bombs in an air raid.

Text of Message Pope Deplores Rome Raid, Appeals to All Catholics To Pray For Speedy Peace

LONDON, July 22.—(CP)—The Vatican radio broadcast yesterday the text of a letter from Pope Pius XII to his vicar general for the district of Rome, Francesco Cardinal Marchetti-Savignoni, deploring Rome's bombing of the Italian capital and calling upon Catholics to pray for a speedy peace.

Speaker

Dr. Kenneth W. Neathy, Winnipeg, director of the agricultural department of the North West Farmers' Association, arrived in Edmonton Thursday to conduct a series of meetings in this district designed to increase the influence of his department among farmers. The first meeting will be held at the Macdonald hotel on Friday.

Plans to Conduct Meetings in City

Dr. Kenneth W. Neathy, Winnipeg, director of the agricultural department of the North West Farmers' Association, arrived in Edmonton Thursday to conduct a series of meetings in this district designed to increase the influence of his department among farmers. The first meeting will be held at the Macdonald hotel on Friday.

Civilians at 'Rock' To Visit Families In 'Great Britain'

MADRID, July 22.—(AP)—Dispatches from La Lina said yesterday a line was waiting in Gibraltar harbor to take authorized civilian workers, merchants and businessmen from Gibraltar to visit evacuated families in Britain. These Spanish dispatches also said 20 Spanish ships were loaded with supplies and war material in the harbor.

Raise Big Sum

LONDON, July 22.—(CP)—British dug into their pockets for £200,000 to help pay for special "Wings-for-Freedom" drive to furnish the R.A.F. with more planes, bombs and bullets. Sir Marshall Sir Richard Peck announced today.

McKenney On Bridge

I watched Alvin Roth Authority today's hand. I decided to bid one heart rather than one diamond. He felt that was a mistake for the hand would be no trump if his partner could bid clubs. Roth decided to call to conceal the diamond suit and bid two no trump to shut out North country. Roth decided to three.

Appointed Liberal Plans For Ontario Are Outlined

TIMMINS, Ont. July 22.—(CP)—Premier Nixon of Ontario last night announced 15 principles on which he said the Liberal government is seeking re-election in Ontario and outlined a postwar program which he described as "the chart for our course in the reconstruction period."

In an address to the premier promised "complete and effective co-operation" with the federal government in the war effort.

The premier said the Collective Bargaining Act passed in the last session of the legislature will be amended as "necessary for its improvement" while social services will be maintained and extended.

Other points in the program included: Advance health legislation; continuation of assistance to municipalities for the needy; assistance for agriculture; completion of the revision of educational laws; and the creation of a new department of education.

Goering's Crack Panzer Forces Show Cowardice

SOMEWHERE IN CENTRAL Europe, the crack German Panzer forces, according to a captured Nazi order signed by Gen. Guderian, commander of the German Panzer Group, are showing "cowardice."

"I had the bitter experience of watching scenes during these last days which are not worthy of a German soldier, particularly not soldiers of the panzer division Hermann Goering," the order said.

"Persons came running to the rear, screaming, crying, because they had heard the destruction of a single shot fired somewhere on the front. They were not worthy of a German soldier, particularly not soldiers of the panzer division Hermann Goering."

"I shall apply the most severe measures of punishment to those who do not show the courage and bravery necessary for the use of weapons."

Provincial Food Crop Conditions in This Area

Wheat Is Showing Well; No Damage Is Reported Result Either Hail, Frost

Wheat now averages from 50 to 80 per cent in head in the Edmonton district, barley 40 to 60 per cent headed, and oats 10 to 20 per cent headed, according to the sixth fortnightly crop report issued Thursday by Hon. D. B. MacMillan, minister of agriculture.

Chief Padre Here

General crop conditions around Edmonton are good, the report said, and moisture is abundant. Cereal and flax crops are listed as good, as is condition of hay. The grain has been reduced by the showers. Hail damage is "almost nil."

The Edmonton area's honey crop promises to be fair this year, Mr. MacMillan said, and gardens are noted to be from "good" to "fair."

In Southern Alberta, recent rains have improved the crop conditions, but severe damage from drought gives little hope for more than a fair crop. In central and northern sections of the province, conditions are generally good, but late, long fall is needed, the minister says, to enable harvesting of the winter crops.

Field crops in drought areas of the south have received general improvement, and conditions greatly, crops on stubble have deteriorated too far to benefit from the rain. The grain harvest is greatly improved, but in a general light crop is all that can be expected.

City Boy Is Missing: Left Home Tuesday

Roch Frigon, 15 years old, of 10513 134 street, left his home Tuesday night and failed to return, father of the youth, Peter Frigon, informed city police Wednesday.

The boy was known to have between \$30 and \$50 on him, and it was thought he might go to the west on an auto line at Westlock.

Roch Frigon is described as being five feet six inches tall, weight about 155 pounds, of slim build with dark curly hair, dark eyes and a cut on the right side of the upper lip. He was wearing a grey shirt, blue overalls and green wind-breaker when last seen.

Wallet Missing

Loss of his transparent wallet containing a U.S.A. army discharge certificate, a warrant for travel, passport and \$20 in currency, was reported to city police Wednesday by Burle Seaton, an employee of the Duvall Construction Company. Loss of the wallet and its contents occurred in a downtown hotel that evening, he said.

Mormons Store Foodstuffs at Alberta Points

More than a million cans of fruit, vegetables, and 300,000 bushels of wheat, are stored in 16 regional storehouses in Canada and the United States under the welfare program of the Church of Jesus Christ of Latter-Day Saints. J. Reuben, first counselor in the presidency of the church in the province of Alberta, said Wednesday.

All of these foodstuffs, President Clark said, have been produced by the church, and will be given to needy members and the poor as required.

Also under the welfare program, the Mormon church operates a clothing program, in which clothes are made and reconditioned, and underwear manufactured.

In Alberta, regional storehouses are located at Cardston and Raymond, and the church is established at Lethbridge, President Clark said.

All Mormon groups have community garden projects, he explained, where produce is grown, picked and processed, and put aside for those in need. Produce of various areas is distributed to all regional storehouses, and thus stock of food supplies are on hand at each point.

Mr. Clark, who visited Edmonton from the first presidency of the church at Salt Lake City, Utah, said he will go on to Banff and Calgary before returning to the United States.

President Clark, a graduate in law from the University of Utah, is well known as an international lawyer and diplomat. He succeeded Dwight W. Davis, United States ambassador to Mexico, and in 1930 resigned to accept a position in the first presidency of the LDS church.

U.S. Red Cross Plans Concert Sunday Night

The American Red Cross Society is sponsoring another concert at the University of Alberta, downtown centre, at 8:30 p.m. Sunday.

One of America's foremost musical artists, Capt. Harry Baker, who has a hat full of tricks to entertain, will give the concert. He is an amateur musician of highest calibre, and his work has been seen by the White House. Baker is giving several performances. At the White House, Baker's "Easter egg rolling party" he entertained on the night of the celebration and later performed for the children of the diplomatic corps and children of the diplomatic corps.

Besides being a magician of international fame, Capt. Baker was a member of the U.S. Army and served several months has been travelling all over the Alberta Highway. He is technically he is called acting military exchange officer, which has to do with the showing of movies to troops.

The Sunday night concert promises to be entertaining as it will feature outstanding American artists, including the famous Grickson vocalists, with Dena Hickman as accompanist and Pfc Buckman as soloist.

Captain Baker expects to be in the city for several days, and will be giving several performances at the University of Alberta.

Open Air Service Planned July 25

First of the summer series of open air worship services sponsored by the Interdenominational Christian Fellowship Unit will be held Sunday, July 25, in the Legislative Building grounds beginning at 1:30 p.m.

The Rev. Andrew McKenzie of Westminster Presbyterian church will be the speaker, and young people taking part are Sheila Dryden, A.Y.P.C., Cathie Chambers, and Presbyterian Y.P., and Ella MacKay, United Y.P.C.

The I.Y.P.C. has held these services during summer months for the last few years, and are planning meetings for August and September. The June service had to be postponed because of rain.

The purpose of the organization is to afford a chance for young people to become acquainted with young people of other churches, and to promote cooperation among the denominations.

At an executive meeting held Wednesday, the sports convenor announced that the Union's softball cup has been made a challenge cup this year. If two young people's teams can be organized for the summer, the cup will go to the society whose team is winner.

Credit Unions Show Increase in Total Assets

The total assets of credit unions in the province stood at \$13,000,000 at the end of May, W. D. King, deputy minister of trade and industry, announced Thursday. This figure shows a \$1,800 increase over the total at the end of April.

Membership in May also showed an increase, Mr. King said. At the end of the month there were 140 persons enrolled in credit unions, compared with 135 at the end of April.

A steady growth in groups established since 1939 has resulted in more members, indicated in summary released by the credit union branch.

In December 1938, there were only ten credit unions in the province, with 529 members. Assets then stood at \$4,710, with members' home savings at \$1,000.

By January 23, there were 225 members, with assets of \$10,000. The single variety of assets has steadily increased. More than 100 credit unions are now operating in the province, and assets have increased, and assets have all point to ever-increasing interest on the part of the public.

This year so far has seen 20 credit unions organized, and it promises to be outstanding in the forward growth of the credit union movement.

Profligate Peony Grows in City: Rivals Abundant

A peony with more than 240 blossoms and in the garden of Mrs. Frank B. Matthews, 1221 12th street, is the single variety of peony in the city. This garden contains other peonies, but none as numerous as the one in Mrs. Matthews' garden.

Arrange Events For Final Week Of Stamp Drive

Young Edmontonians are organizing at the rate of 100 sales people per week, and are planning a series of events for the final week of the stamp drive.

An objective of \$7,000 has been set for the week's campaign, and officials are planning a series of events for the final week of the stamp drive.

The campaign is being organized by the Junior Service Bureau, and is a series of events for the final week of the stamp drive.
